📍 Arad, Romania

I'm a Frontend Developer with 3+ years of experience building modern, responsive, and user-focused web applications, using React, Next.js & Tailwind CSS. Whether it's optimizing a task management app or finding creative ways to make complex ideas approachable, I'm all about making technology work for people.

Experience

GambIT Digital

Frontend Developer | 2022 - present

Credit Europe Bank :

- Implemented user-friendly workflows, reducing client onboarding time by 25% and improving data management processes.
- Enhanced UI reusable components for better usability and integration with back-end systems.
- Tools used: HTML5, CSS3, Bootstrap, JQuery, DevExtreme, Figma
